

Note: Unit shown with front right side infeed, also available with a front left side infeed.

AT4E

AUTOMATIC TOP & BOTTOM DRIVE FOUR EDGE CARTON SEALER

The BestPack™ AT4E Series is an adjustable operator-free, four outer edge carton sealer, using pressure sensitive tape. The AT4E is designed to eliminate costly hand taping of the four outer edges where pilfer proofing and protection of your product from outside environment is necessary. The unit includes a front side entry for a 90 degree directional carton turn before entering into the four edge sealing station.

All BestPack units are available in our standard baked enamel finish and food grade 304 stainless steel for 21 CFR 110 compliance.

EXTRA ACCESSORIES TO IMPROVE EFFICIENCY

SPARE TAPE HEAD

Order a spare tape head with your machine to minimize down time. Having a spare will allow you to drop in a tape head with a new roll of tape in no time!

LONG INFEEED/EXIT CONVEYOR W/ L-BRACKET STABILIZER

This 39.5" long conveyor is a great work platform and allows for staging of cartons on the infeed and the exit.

SPARE PARTS KIT

Spare Parts Kits may vary based on machine

Minimize downtime with BestPack's Spare Parts Kit.

CARTON SEALING TAPE

Put high quality tape on your BestPack Carton Sealer. Make sure to order machine length rolls for your new carton sealer.
